Number of 35 votes candidate voted favorably?										

*1 - Partial Birth Abortion Procedure - Late term abortion in which a baby is intentionally delivered breach, all but the head of the baby is delivered, the body arched, a puncture made to the back of the skull, a suction tube inserted, and the brains suctioned out. Licensed doctors have sworn under oath that the only reason this procedure is performed is to kill the baby.

1-4 Supreme Court judges will be appointed by our next President....Your vote is critical!
