Vol 1

Issue 2

What's Happening:

The 2012 Draft Sarah Committee continues to move forward in our mission to build a grassroots network and encourage Governor Palin to run for President in 2012. We recently adopted a strong set of bylaws and added two new Executive Board positions of Secretary and Media/Spokesperson. **April Moore**, our Alaska Organizer and this quarter's spotlight Organizer, was elected as our Secretary, and **Adrienne Ross**, our New York Organizer, was elected as our Spokesperson and Media Contact by the Board of Directors. You may contact Adrienne for Media-Related matters at Media@2012draftsarahcommittee.com.

We have now covered nearly all states with a state Organizer. However, we still need about 15 state Organizers. Visit our [Website](#), and go to the [Organizer's Page](#) to see if your state is covered. If not, why don't you consider stepping up for Sarah and volunteering to be your state's Organizer. If you are a college student and want to make a difference, contact National College Organizer, Shendy Hershfield, College@2012draftsarahcommittee.com

All State, Local and College Organizers are encouraged to hold monthly meet-ups. Also, Organizers who have not communicated with Randy Highsmith about the new email system need to do so immediately.
